

Grand Launch Invitation

The children and staff of **King Henry's Walk Adventure Playground** invite you to the **Grand Launch of 'The Head'**, the interactive play sculpture created by world-famous Nigerian sculptor Emmanuel Jegede.

The sculpture symbolises the friendship children from all cultures enjoy in King Henry's Walk Playground. It will serve as a climbing frame, a seating area, a piece of play equipment, a meeting place and a backdrop for cultural events that take place at the playground – as well as being an outstanding piece of hands-on art in its own right.
